with 1 CPD Points in ECSA's Category 1 [CESA-019-03/2009]
-At least 1 CPD point is required per year in Category 1 for re-registration with ECSA-

African Development Bank Business Opportunities Seminar

In collaboration with CESA's School of Consulting Engineering

Wednesday, 18th March 2009

Venue: Southern Sun Elangeni Hotel, Durban, South Africa

'The African Development Bank as a Business Partner - Doing Business in Africa'

The Seminar will be presented by Senior Bank Officials from the temporary Head
Quarters in Tunis, Tunisia

In this seminar, delegates will be exposed to all aspects of the African
Development Bank's (AfDB) activities, including its projects, financial
instruments, and procurement systems. This will empower delegates to
pursue and respond to Business Opportunities generated by the AfDB. The
Seminar will highlight past and future projects financed by the Bank.

The AfDB is a triple 'A' rated multilateral development bank, whose shareholders include
53 African countries and 24 non-African countries from the Americas, Asia, and Europe.
The AfDB will be opening up a Branch Office in South Africa in the near future, and their
Private Sector Department will indicate how it can participate in infrastructure related
opportunities in Africa and South Africa. This may include participation in the financing of
certain municipal infrastructure projects in South Africa.

This Business Opportunity Seminar will not only provide you with **valuable information**
about the requirements to work with the AfDB but will also give you the opportunity to

meet counterparts and delegates from various African countries. This seminar will be held in conjunction with the annual Conference and AGM of FIDIC's Group of Africa Member Associations (GAMA) of Consulting Engineers on 16 and 17 March 2009.

(<http://www.cesa.co.za/gama.php>)
